

STUDENT MASTERCLASS:

Lead with your strengths

ALLIANCE VIRTUAL WORKSHOP

Designed to help students uncover their individual strengths and explore how those strengths shape their approach to success, leadership, decision-making, teamwork, and even friendships.

The workshop will be led by Dr Steve Bagi, consulting psychologist and lecturer at Bond University, who specialises in strengths-based leadership and team development.

Students participating in the masterclass will complete the online Clifton Strengths Finder assessment prior to the masterclass and receive a personalised report on their strengths.
